

SimplifyCT (Vita) Tax Return On-Site Locations

Clients are strongly encouraged to have their returns prepared using the all-virtual “Get Your Refund” method offered by SimplifyCT (Virtual Vita Inc.) - the same group of IRS-certified volunteers that has serviced your local community for years.

However, for those that have minimal computer skills, or can't elicit the help of family or friends, the below locations offer an on-site service. Due to Covid restrictions this service is very limited and appointments are required. Your return will be prepared on-site by IRS-Certified Vita counselors or, in limited cases, offsite by these volunteers for delivery to you at a later date.
